

From Navarcles to Artés

This walk goes from Navarcles, following closely the Llobregat river and the riera (little river) Calders until it reaches Artés, a wine-growing village strongly linked to the traditions of the land and its culture. The festivals of Sant Joan (Saint John) and the “festa de la Verema”, (wine harvest) stand out. It is a walk without ups and down, a relaxing excursion through the dry crop meadows and terrains populated with pine trees.
